

Charles A. Filanosky, Ph.D., ABPP

833 Market Street Suite 809
San Francisco, CA 94103-1828
(415) 889-8831 sfneuropsychologist@gmail.com

*Board Certified in Rehabilitation Psychology
Licensed Psychologist, California PSY #22571
Qualified Medical Examiner, QME #118085*

Education:

Pacific Graduate School of Psychology, Palo Alto, California. (APA Approved)

Doctor of Philosophy, Clinical Psychology, June 2005.
Certificate Program, Neuropsychological Assessment, March 2003.
Master of Science, Clinical Psychology, October 2002.

Boston University, School of Education, Boston, Massachusetts.

Master of Education, May 1995.

Syracuse University, College of Arts and Sciences, Syracuse, New York.

Bachelor of Arts, Psychology, Cum Laude, May 1992.

Professional Experience:

The Permanente Medical Group, Vacaville and Vallejo, CA.

Staff Neuropsychologist (October 2016 to present, FT [32hrs])

Present duties include management of the neuropsychological consultation and service for persons with a range of neurological conditions in a large community hospital and participation in a specialized interdisciplinary pediatric sports concussion clinic supporting safe return to academics and play; certified ImpACT consultant. Assisted with neuropsychological rehabilitation as part of an interdisciplinary team in a large, regional post-acute care rehabilitation facility. Supervised post-doctoral residents in rehabilitation neuropsychology training fellowship. Co-investigator on several projects including surveillance of brain injury in persons with facial trauma and program evaluation in pediatric sports concussion.

Veterans Affairs Medical Center, San Francisco, CA.

Staff Psychologist/Program Lead (September 2007 to October 2016, FT [40hrs])

Primary responsibility included clinical and administrative oversight of a co-located collaborative care clinic providing mental health services embedded within primary care and consultation services to post-deployment clinic, PACT Intensive Management, and GRACE. Served as faculty in our Center of Excellence in Primary Care Education emphasizing interdisciplinary education; supervised five post-doctoral fellows in an APA approved training program. Conducted neuropsychological testing and cognitive rehabilitation services. Also performed compensation and pension evaluations for veterans unable to travel due to incarceration (San Quentin) or commitment (Napa State Hospital). Committee service including Mental Health QI, Psychology Training Committee, Diversity, and VISN 21 Psychology Professional Standards Board, along with numerous other ad-hoc committees to support patient care and safety initiatives.

Private Practice, San Francisco, CA.

Rehabilitation Neuropsychologist / Sole Proprietor, (March 2009 to present, PT [0-20hrs])

Part time private practice emphasizing neuropsychological consultation and evaluation for forensic (IME/QME) and medical referrals. Specialty areas include traumatic brain injury, post-traumatic stress disorder, and geriatrics.

Gentiva Rehab Without Walls, San Jose, CA.

Rehabilitation Neuropsychologist (July 2009 to October 2013, PT [0-8hrs])

Part time position working as part of a rehabilitation team to provide community based post acute rehabilitation services to adolescents and adults with traumatic brain injury, spinal cord injury, and stroke. Conducted neuropsychological evaluations, cognitive rehabilitation, and psychotherapy for individuals and families.

Academic Appointments / Teaching Experience:

University of California San Francisco, San Francisco, CA

Associate Clinical Professor, Department of Psychiatry (September 2007 to October 2016)

Served as faculty for SFVAMC's Center of Excellence in Primary Care Education, a competitively funded and renewed program that emphasized interdisciplinary training and effective patient/provider communication and for which psychology is a core discipline. Taught medical residents relevant topics related to diagnosis and treatment of mental disorders occurring in a multidisciplinary primary care clinic setting. Developed and presented didactic seminars on posttraumatic stress disorder and traumatic brain injury for UCSF and VA trainees. Developed and supervised an APA approved post-doctoral residency in primary care psychology and a predoctoral internship rotation in the same. Also supervised predoctoral interns and practicum students in neuropsychological assessment and cognitive-behavioral therapy.

Palo Alto University / Pacific Graduate School of Psychology, Palo Alto, CA

Graduate Adjunct Faculty (June 2015 to August 2015)

Developed and taught Neuropsychological Rehabilitation course to advanced doctoral students in clinical psychology pursuing the neuropsychological assessment specialty track.

California Institute of Integral Studies, San Francisco, CA

Adjunct Associate Professor (May 2011 to August 2013)

Instructed doctoral students in clinical psychology in Neuropsychological Assessment and Biological Bases of Behavior. Developed course and materials, lectured, evaluated, and mentored students.

Hunter College (City University of New York), New York, NY

Adjunct Assistant Professor (January 2006 to August 2007)

Taught graduate level courses on Medical Aspects of Disability, Lifespan Development, Theories of Counseling, and Psychological Assessment for Master's level students in both rehabilitation and school counseling programs. Adapted and updated course materials, lectured, and evaluated students. Served on faculty senate.

Pacific Graduate School of Psychology, Palo Alto, CA.

Graduate Teaching Assistant (September 2001 to June 2003)

Served as Teaching Assistant for a number of doctoral level courses including Introduction to Cognitive Behavioral Therapy and courses within neuropsychological assessment specialization sequence.

Supervisors: Amy Wisniewski, Ph.D., Charles Baker, Ph.D.

Honors and Awards:

- 2008 VA National Primary Care Conference Poster Award
- 2008 International Neuropsychological Society Featured Poster Award
- 2007 Early Career Psychologist Credentialing Scholarship Award,
National Register of Health Service Providers in Psychology
- 2001 R.W. Kostenbauder Student Assistantship
- 2000 William and Margaret Hinckley Foundation Scholarship
- 1990 Golden Key National Honor Society, lifetime member
- 1989 Psi Chi, The National Honor Society in Psychology, lifetime member
- 1988 Teamsters Local 191 Academic Achievement Scholarship

Educational and Training Experience:

The Mount Sinai School of Medicine, New York, NY.

Post-Doctoral Resident, Dept. of Rehabilitation Medicine (September 2005 to August 2007)

Completed advanced training in rehabilitation research and clinical neuropsychology at a NIDRR Traumatic Brain Injury Model Systems and Rehabilitation Research and Training Center site. Responsibilities included performing neuropsychological evaluations, individual and group therapy along with cognitive remediation in accordance with research protocols as well as part-time work in the faculty practice and individual research projects. Supervisors: Mary R. Hibbard, Ph.D., ABPP, Wayne Gordon, Ph.D., ABPP, and Teresa Ashman, Ph.D.

Tewksbury State Hospital, Tewksbury, MA.

Clinical Psychology Intern, DMH/DPH (July 2004 to June 2005)

Completed pre-doctoral internship (APA approved) with a specialization tracks in forensic, health, and neuropsychology at a state hospital. Performed psychological and neuropsychological assessments, individual and group therapy, and consultation services for chronically mentally ill, dually diagnosed, and forensically committed individuals for the MA Dept. of Mental Health, and neurologically impaired patients and those with other serious medical issues for the MA Dept. of Public Health. Supervisors: Chris Huvos, Psy.D., Mithlesh Garg, Ph.D., and Edith Kaplan, Ph.D., ABPP

Veterans Administration Palo Alto Healthcare System, Palo Alto, CA.

Psychologist Trainee/Extern, Psychology Service (September 2002 to September 2003)

Performed neuropsychological evaluations for veterans referred from various sources as a component of graduate training. Administered batteries, wrote reports and recommendations, managed patient scheduling. Supervisor: James Moses, Ph.D., ABPP

Santa Clara County Valley Health and Hospital System, Sunnyvale, CA.

Psychologist Trainee/Extern, Fair Oaks Mental Health Center (September 2001 to July 2002)

Provided individual cognitive behavioral therapy and developed and co-lead a group for adults suffering from complicated bereavement. Administered and interpreted psychological and neuropsychological tests. Responsibilities also included intake screenings, case management, patient scheduling, and all required paperwork. Supervisor: Jeffrey Becker, Ph.D.
